Also have a small stock of the following varieties upon which I would be glad to furnish price if interested: White: Europa, L'Immaculee, Mary Pickford, White Glory. Yellow: Golden King, Jewell, Niagara, Yellow Hammer. Pink or Salmon: E. J. Shaylor, Maiden Blush, Pink Wonder, Odin, 1910 Rose, Van Kennemmerland. Red: Capella, Chris. Diener's American Beauty, Goliath, Ida Van, Mrs. Geo. W. Moulton, Mrs. W. E. Fryer, Principine, Purple Glory, Sentinel. Other colors: Best Violet, Herada, Louise, Myra and Rose Ash.

Prices above are for No. 1 bulbs, but have smaller sizes of most varieties listed, at from 50 to 75% of those prices.

Why not try some of these smaller ones; they will grow big in a year or two and will bloom while growing up?

PEONIES

Rich in an infinite variety of color from white through tints of pink and rose to darkest crimson, these hardy plants grace garden, bed or border with gorgeous bloom in June and their fragrant flowers are most decorative when cut for the house or porch.

Peonies may be transplanted in the Spring with good results if done in March or April, by the use of divisions that were planted last Fall.

The following list of fine varieties were planted last Fall and am sure if transplanted early this Spring would do well and probably most of them would bloom in June.

*The varieties thus marked are among the finest Peonies grown and the prices are very reasonable throughout the list.

If you are not interested in planting this Spring send for my regular Peony Price List which will be ready in May.

You are cordially invited to come and see the Peonies in their glory in June and make your selection for next Fall's planting then.

I am listing this year some very choice Evergreens and Ornamental Shrubs, of which I have a small stock.

For the beautifying of your grounds nothing is more important.

If interested, would advise ordering early as the supply is limited and the prices are right.

ORNAMENTAL EVERGREENS

Colorado Spruce. Sharp leaves are bluish to dull green, and thicker than usual. Branches horizontal in regular whorls. 2 to 6 ft. \$2.50 up.

White Fir. One of the hardiest and most beautiful evergreens. Tree of graceful, stately habit; grows rapidly. Pretty cones of purple or yellow. Large, broad, silvery green foliage. Often attains a height of 100 feet. 2 to 8 ft. \$2.00 up.

ORNAMENTAL SHRUBS

Japanese Barberry. A beautiful Japan variety of dwarf habit. Beautiful light green foliage in Spring and Summer, changing to red in the Autumn. It bears a mass of bright scarlet fruit which is very attractive during the Winter months. Very desirable for grouping, hedges and borders. 1 to 2 ft. \$0.25.

Forsythia—Golden Bell. Bright yellow; very vigorous, rather erect growth; blooms in dense masses of golden flowers in April. 2 ft. \$0.30.

Hydrangea—Paniculata grandiflora. A grand, attractive plant commencing to bloom in the Summer and lasting for months. The flowers are pure white, afterward changing to pink and then bronze, and are borne in immense clusters. Well adapted for hedges. 1½ to 2 ft. \$0.30.

Tamari Slender, irregular shrub with feathery foliage and small, delicate pink flowers borne in long racemes. 2 to 2½ ft. \$0.30.
